

YEAR 1 / AUTUMN 2

WHAT IS SPECIAL ABOUT OUR LOCAL AREA?

ACADEMIC EXCELLENCE	LIFE LONG LEARNING	POSSIBILITIES and RISKS	SOCIAL INTELLIGENCE
We know that only our best is good enough and we will be working hard to maximise our progress in all our learning— academic, social and emotional so that we can be the best we can be and make a positive difference to ourselves and others in our community.	We will be developing our learning skills to develop our readiness to learn, resilience, reflectiveness and resourcefulness to be the best learners we can be so that we are prepared for the challenges we will face. We will be learning from our mistakes and collaborating to have the skills to overcome any barriers.	We will explore what is possible to be achieved when we identify goals based on consideration of people as unique individuals, with their own passions and ideas. We will be challenging ourselves, extending our boundaries and developing our independence.	We will be learning how to appreciate and respect our differences and celebrate the richness of the diversity in our community and beyond, recognising all the benefits that this brings.

KEY TEXTS

ACADEMIC EXCELLENCE	<p>We will</p> <ul style="list-style-type: none"> ✓ Encourage the children to focus independently for short periods and take ownership of their work ✓ Focus on next steps and act on feedback to improve ✓ Encourage the children to have a 'can do' attitude and willingly correct mistakes ✓ Independently access learning opportunities
